For use with Majesty Music musicals

PROGRAM/BULLETIN

Instructions for printing:

This PDF is set up as two 5.5 x 8.5 programs on an 8.5 x 11 (letter size) sheet of paper which will print on both sides and trimmed to the final program size of 5.5 x 8.5. The *Christmas on the Air* art will be on the front, and your church's information on the back. The PDF can be placed into any text based editing program or page layout program (Mac or PC). There you will be able to add your own program details to the back page, such as church's name, date and time of performance, cast, crew and choir members' names. If your church does not have access to a high quality color laser copier/printer, we suggest you take the file to a commercial printer or your local office supply store for printing or copying.

front of program

POSTER

Instructions for printing:

This PDF is set up to print on a 11 x 17 (tabloid size) sheet of paper. The PDF can be placed into any text based editing program or page layout program (Mac or PC). There you will be able to add your own details to the white area in the lower portion of the poster, such as church's name, date and time of performance. If your church does not have access to a high quality color laser copier/printer, we suggest you take the file to a commercial printer or your local office supply store for printing or copying.

TICKET

Instructions for printing:

This PDF is set up to print eight tickets on a 8.5 x 11 (letter size) sheet of paper. The PDF can be placed into any text based editing program or page layout program (Mac or PC). There you will be able to add your own details to the white area of the ticket, such as church's name, date and time of performance. Once printed, the tickets can then be cut into the smaller finished size. If your church does not have access to a high quality color or black & white laser copier/printer, we suggest you take the file to a commercial printer or your local office supply store for printing or copying.
